Review Item – Part-II

1	The review of CAC cases as per CAC calendar (Dec- 2012) those not applied for renewal of consent.			AS(T)		
2	Vitthal Corporation Ltd., (Textile Division), Vitthalnagar, Mhaisgaon-Tadwale (M), Tal -	203.07 Crs	Establish	JD(WPC)		

	Madha, Dist - Solapur					
3	Vitthalrao Shinde SSK Ltd., (Expansion), A/p - Gangamainagar, Tal - Madha, Dist- Solapur	168.73	Establish (Expansion)	JD(WPC)		
4	The Saswad Mali Sugar Factory Ltd., (Co-generation) Malinagar, Tal - Malshiras, Dist - Solapur	177.26 Cr.	Establish	JD(WPC)		

Resubmitted Agenda

CAC Item No.01

HOD Remarks

**Name of the Industry : M/s. Chandrapur Ferro Alloy Plant,
Survey No.498/2, 499 & 500 & 503/2,
Mul Road, Chandrapur.**

HOD Remarks:

- 1) Applied for consent to establish for expansion project by installing one submerged Electric Arc Furnace of capacity of 45 MWA for production of high carbon ferro-manganese, silico-manganese and electricity plant of capacity of 4.0 MW based on co-gas generated from manufacturing process.
- 2) Existing unit consent for manufacturing of Ferro Manganese Plant, Sinter Plant and Power Plant was valid up to 31.12.2011 and Capital Investment of existing unit is Rs.86.70 Crores. Applied for renewal of consent for existing unit. Show cause notice issued to the existing unit vide letter dated 23.04.2012 due to non-compliance of consent conditions and interim directions issued by the Board and due to discharge of substandard into river Zarpal.
- 3) Capital Investment of the expansion project is Rs. 221.42 Crores. Industry has paid Consent fee of Rs.4,42,480/-, as per new GR
- 5) Domestic Effluent is 24 CMD. and Industrial Effluent is 500 CMD, Septic Tank and Soak pit provided.
- 6) This office has issued interim directions vide letter dated 19/12/2011 to carry out Environmental Works in time bound manner.

The case was discussed in CAC meeting held on 3.7.2012 and it was decided to issue show cause notice for refusal of consent as the existing unit has not complied with the consent conditions. Accordingly the show cause notice was issued to the industry on 12.7.2012. R.O. Chandrapur vide letter dated 17.7.2012 submitted the reply of SCN.

The unit is not complying with the time period issued by the Board for completion of pollution control system and industry requested for extension of time period.

The B.G. of the existing unit of Rs.12/- Lakhs is forfeited by the Board as per the decision taken in the Consent Committee.

The case was discussed in CAC meeting held on 24.09.2012 and it was decided to keep the case in abeyance till the completion of pollution control system for existing unit.

RO Chandrapur vide letter dated 14.12.2012 has submitted the compliance report and seen that unit has mostly complied with the directions but unit has not yet submitted the Bank Guarantee of Rs.24 Lakhs for existing unit as per the decision taken in CC.

In view of above, we may grant consent to establish for expansion only after submission of B.G. of Rs.24/- Lakhs.

Joint Director (APC)

CAC Item No.02

HOD Remarks

Name of the Industry: M/s. Dighi Port Ltd.
(Stone crusher and ready mix plant)
Gut no.71,A/p : Dighi,
Tal: Shrivardhan, Dist –Raigad.

1. Applied on 03.04.2012 for grant of renewal of consent to operate for RMC plant.
2. Application for grant of renewal of consent to operate received to HQ on 28.09.2012.
3. SRO-Mahad has reported in his processing report that industry has not provided adequate air pollution control system.

11. Industry has not provided adequate air pollution control system Hence Refuse grant of renewal of consent to operate.

Joint Director (Air Pollution Control)

CAC Item No.03

HOD Remarks:-

**Name of the industry :- M/s. Avantha Power and Infrastructure Ltd.
Unit Bhigwan, 105,
Milestone, Pune Solapur Highway,
Bhadalwadi-Paundhwadi, Tal. Indapur,
Dist. Pune**

- Applied for renewal of consent
- Application received at SRO- Pune on dtd 02/05/2012 and at HQ on 21/06/2012
- Previous consent was valid up to 30/06/2012
- Industrial Effluent Generation is 1008 CMD. The trade effluent is being treated in ETP of M/s. Bilt Graphics Paper Products Ltd. (sister concern unit Bhigwan) which is adjacent to this unit.
- Treated effluent is utilized for plantation in factory premises. Remaining effluent is discharged into Bori Nalla
- Total area covered under plantation 6.9 hectares
- Domestic effluent is 62 CMD. Its mixed in trade effluent & treated in ETP
- Industry has provided electrostatic preceptors followed by common stack of 120 mtr height to the CFBC boiler 1 and 2 also provided bag filters followed by common stack of 75 mtr height to the Oil boiler and FBC boiler.
- Coal handling section the concreting/pitched road is not provided. Water sprinkling arrangement needs improvement.
- As per previous consent condition industry not installed Continuous monitoring facility for stack emission analysis and 3 CAAQMS and micrometeorological station for So₂, Nox and PM.
- RO Pune has recommended the case for grant of renewal of consent
- The case has been discussed in the Consent Appraisal Committee meeting held on 24/09/2012 and the Consent Appraisal Committee has decided to issue SCN for refusal of consent for discharging effluent in to Nalla, CAAQMS not installed and inadequate land for disposal of effluent.
- We may grant renewal of consent for one year period with condition that
 1. industry shall stop discharge effluent from power plant into Bori Nalla within 3 month with BG of 5/- Lakhs
 2. To install opacity & CAAQMS before June 2013 with BG of 5/- Lakhs
 3. To provide adequate land to disposal of effluent within next 6 month with Bg 5/- Lakhs
 4. For operation & pollution control system as continuous basis BG of Rs. 5/- Lakhs
- We may place the consent application before CAC for further consideration.

Joint Director (APC)

CAC Item No.04

HOD Remarks

Name & address on Industry :- M/s Mandhana Industries Ltd,

C-3, MIDC Tarapur, Boisar, Dist. Thane

1. Applied for 01st consent to Operate.
2. Application received at SRO Tarapur on 12/11/2010 and at HQ 13/12/2010.
3. Textile processing industry.
4. Consent to Establish was granted by Board vide dtd B-85, 30/08/2010 upto commissioning of Unit.
5. The condition of 100% recycle/reuse of treated effluent in the plant & to achieve Zero discharge, was prescribed to industry.
SRO Tarapur vide letter dtd 03/11/2011 reported that,
 - A) Industry has provided 3 MLD effluent treatment plant comprising of Bar screen, Oil & grease trap, Reaction tank, equalization tank, Aeration tank, Secondary Clarifier, Decanter.
 - B) The erection of 1 MLD capacity RO plant has been completed comprises of Pre treatment plant (Silica removal, tertiary reactivator clarification, chlorination, & multimedia filtration, ultra filtration & reverse osmosis Plant (Single stage 70% recovery), Chlorine treatment for RO reject.
 - C) The culture development (MLSS) in aeration tank is under progress.
6. Industry vide letter dtd 03/11/2011 requested for amendment in consent to Establish i.e permission of discharge of RO reject 30% i.e @400 CMD to out let of CETP instead of zero discharge .
7. Application was discussed in CAC 22.11.2011 and it was decided to issue SCN to industry.
8. SCN was issued & case was re discussed in CAC dtd 31.1.2012 & refused the consent.
9. Ind requested for withdrawl of refusal and Application was discussed in CAC meeting dtd 24.09.12, It was decided to seek clarification from MIDC regarding the capacity of effluent carrying pipeline from CETP to final disposal point.
10. Letter was sent to MIDC on 30.10.2012 by Legal department.
11. MIDC vide letter dtd 10.12.2012 communicated that
 - A)The existing disposal line upto navapur creek is 1000mm dia psc which can safely carry effluent of 75 MLD.
 - B)Tarapur CETP can accommodate 400CMD treated effluernt received from M/s Mandhana Industries Ltd at CETO out Let as per TEPS letter dtd 20.08.2012.
 - c)The comnection point for treated effluent of said industry after CETP out l;et will have to be finalized by MIDC & MPCB so as to monitor their treated effluent.
12. MIDC has no Objection to allow said industry to connect treated effluent to CETP Outlet subject to certain conditions .
13. we may place application in CAC..

JD(WPC)

Fresh Agenda Part-I

CAC Item No.01

HOD Remarks

Name of the Industry: **M/s. Maharashtra State Power Generation Company Ltd.,
Nashik Thermal Power Station,
Eklahare, Tal & Dist: Nashik.**

1. Applied for consent to establish for expansion project of coal based thermal power plant of 660 MW.
2. Said project is about 0.5 km from notified river Godawari, hence not satisfied RRZ policy.
3. Environment clearance is required for proposed project.
4. SRO Nashik reported that Local Body namely Grampanchayat namely Eklahare has not given NOC to proposed expansion project.
5. Capital Investment of the proposed expansion project is Rs.4390/- crores. Consent fee details are not furnished by the SRO, Nashik.
6. ESP is proposed to coal fired boiler.
7. Compliance of existing unit for consent conditions along with monitoring results are not furnished.

In view of non-confirming to R.R.Z. Policy, we may refuse the Consent to Establish for expansion.

Joint Director (APC)

CAC Item No.02

HOD Remarks

**Name of the industry :- M/s. Bajaj Auto Ltd.
Plot No. A-1, MIDC Chakan,
Mahalugegaon, Tal. Khed. Dist. Pune**

- Applied for 1st consent to operate for expansion with amalgamation of existing consent
- Application received at SRO- Pune on dtd 29/09/2012 and at HQ on 29/10/2012.
- Existing consent is valid upto 31/03/2015 having a capital investment RS 431.16cr. & industry has obtained consent to establish for expansion on 10/03/2011 & 23/12/2011
- Industrial effluent by combining all consent is 491.0 CMD and domestic effluent is 530.0CMD. ETP provided consisting primary, secondary & tertiary treatment having capacity 790 CMD (ETP-I & II with capacity 550 & 240 CMD respectively). STP consisting primary & secondary having capacity 600 CMD & for tertiary treatment it is connected to ETP-I clarifier. Treated water is used for Gardening on area of 54 Acre of land within premises
- Incinerator is provided with double chamber & scrubbing facility.
- DG Set of capacity 3187 KVA x 2 nos is provided with HSD as fuel.
- Paint shop boiler & Incinerator of 100 kg/hr capacity provided with LPG as fuel.
- APCs are provided to Furnace, shot blasting unit & Incinerator.
- RO Pune has recommended for amalgamation of three consents, after the receipt of compliance.
- We may Grant 1st consent to operate for expansion with amalgamation of existing consent for period up to 31/03/2015 with forfeiting existing BG of Rs. 5/- Lakhs & obtaining fresh BG of Rs. 10/- Lakhs
- We may place the consent application before CAC for further consideration.

CAC Item No.07

HOD Remarks

Name of Industry: - Clariant Chemicals (I) Ltd,

Plot No-113/114 MIDC Dhatav,

Tq-Roha , Dist-Raigad.

1. Application for Amendment with change in product mix.
2. Manufacturing of Synthetic organic dyestuff, pigment dyestuff, synthetic resins in binders, textile and leather chemicals, and intermediates for pigments, dyes, agro chemicals, pharmaceuticals, optical brightening agent.
3. Application received at SRO on 02/08/2012 and at HQ on 16/08/2012.
4. The Consent of industry is valid upto-31/12/2014. Now they have applied for increase in water consumption and C.I with change in product quantity without changing the total consented quantity.
5. The proposed change in product mix attracts EIA notification 2006 as there is increase in effluent quantity thereby pollution load including air pollution.
6. The No increase in pollution load certificate submitted by industry is not supported with basis of calculation /rate of emission.
7. The clarification submitted by the industry w.r.t. No increase in pollution load is not satisfactory. Hence we may not consider the proposal for change in product mix. We may issue SCN for refusal for proposed product mix.

CAC Item No.08

HOD Remarks

Name of Industry: - M/s. Century Rayon

P.B. No. Murbad Road, Shahad.

Ulhasnagar, Dist. Thane.

1. Application for Amendment in Consent for increase in production of sulphuric acid.
2. Products- Chemical
3. Application received at SRO on 16/11/2012 and at HQ on 05/12/2012.
4. IE generation as per existing consent is – 13000 m³/d Industry has provided Primary & Secondary treatment for effluent. Treated effluent is discharged to waldhuni nalla. Analysis results are within consented standards. Due to proposed increase in production there will be no generation of additional industrial effluent.
5. Due to optimization in sulphuric acid manufacturing process, the conversion efficiency of SO₂ to SO₃ has been increased. This will result in increase in production of sulphuric acid and reduction in SO₂ emissions from 4 kg/t to 3.5 kg/t.
6. Industry had paid consent fees for consent to establish and operate for period up to 31/12/2014

Considering the above, we may consider the case for amendment n increase in sulphuric acid production from 71000 Mt/Yr. to 76000 MT/Yr., Subject to obtaining of locational clearance from industry department as per MMR policy.

CAC Item No.12

HOD Remarks

**Name of the industry:- *M/s. Skoda Auto India Pvt. Ltd.*
A-1/1, MIDC Shendra,
*Aurangabad.***

1. This office is in receipt of two separate applications from industry for grant of Renewal of consent & 1st consent to operate. We may club these two applications together and the details after clubbing these two application is as below:-
2. Existing consent is valid upto 31/12/2012 and valid for Assembly of motors cars 90 cars/Day and obtained consent to establish for Assembly of motor cars 20cars/Day, now we may consider the application as for Assembly of motors 110 car/Day.
3. The total CI after clubbing two applications is Rs 433.01 crores i.e. Rs.292.71 crores existing and Rs.140.3 crores expansion. The CI shown by industry during C to E was Rs. 231.65 crores. Industry vide their letter dated 27/11/2012, reported that the proposed project was for Audi Q-7 & Q-3 car assembling, but now only project of Audi Q-7 is approved and accordingly capital investment was approved by industry Board and submitted the CA certificate of CI as Rs. 140.33 crores.
4. The existing ETP & STP will be used by industry for treatment of indl. & domestic effluent generated. The capacity of ETP is 25 CMD and total effluent generated is 24 CMD from existing & expansion. The capacity of STP is 50 CMD and total effluent generated is 45 CMD from existing & expansion.
5. JVS results are within limit.
6. Submitted the Environment statement for the year of 2011-2012. Cess returns are filed upto October- 2012 and have not received the assessment order.
7. RO & SRO have recommended the grant of consent Renewal & 1st operate.
8. The fees paid for renewal are Rs 1756287/- for three years period, this is considering CI as Rs.292.71 crores and paid fees for 1st operate are Rs.280674/- for one year considering CI as Rs.140.3 crores. If we grant consent for three years considering CI as Rs.433.01 crores the fees will be Rs.2598600/-. So the difference fees of Rs. 561639/- is to be recovered from industry.
9. We may consider grant of consent renewal and 1st operate for period of three years after receipt of additional fees.

We may place the consent application before CAC for further consideration.

- Industry has applied for consent to renewal for sugar factory and consent to first operate for CoGen with amalgamation. It is RED/LSI unit.
- Previous consent is valid up to 31.10.2012 and Co-Gen C to E
- CI of the sugar industry is Rs. 63.55 Cr. and CI of Co-Gen is Rs. 48.70 Cr. Total CI of the industry is Rs. 112.25 Cr.
- As per SRO report CI of sugar has increased by 5.41 Cr. from 58.14 Cr. to 63.55 Cr. due to modification and modernization.
- Capacity of the unit 2500 TCD which manufacture Sugar- 9000 MT/M, Bagasse - 21000 MT/M, Molasses – 3000 MT/M & Press Mud - 2625 MT/M. and Co-Generation Plant of 11 MW.
- Total water intake is 1300 CMD and IE is 625 CMD for treatment of which industry has provided ETP comprising of Primary, Secondary treatment with anaerobic digester.
- Domestic Effluent generation of 75 CMD which is treated in shared ETP.
- As per SRO Report CERP compliances are as follows,
 - Waste water generation is more than 100 lit/ton of cane crushed.
 - Industry has provided 15 days storage tank.
 - Multi-cyclone dust collector is attached to boiler having stack of height 60 m as an APC.
- Land available for disposal of treated effluent is 82 acre which is sufficient.
- JVs results dt. 31.12.2011 was exceeding and results dt. 31.01.2012 is within consented limit.
- Industry has submitted Environmental Statement for year 2011-2012.
- Cess paid up to Jan 2012 and submitted returns up to Nov 2012.
- Industry has paid consent fees Rs. 2,10,000/-
- Industry has submitted BG of Rs. 5 + 2 lakhs as per consent condition and BG of 2 Lakhs returned on Dec 2012 after compliance.
- SRO Kolhapur recommend to renew consent up to 31.10.2015
- We may restrict IE for sugar unit to 250 CMD and Co-Gen for 75 CMD.
- C to O first for co-gen (11 MW) and plain renewal of sugar (500 TCD) i.e. 9000 MT/M white sugar.
- CI increased by 5.41 Cr. in modernization (C to E cogen CI 48.70 Cr. + Sugar renewal CI 58.14 Cr.)
- Recommend to grant the consent.

- Application for Application received for Grant of C to 1ST Operate (Phase-I,210 Ha)for development of Multi Product SEZ at Khed, District -Pune.
- Application Received at RO Pune on 18/10/2012 and at HQ on 08/11/2012.
- Said Project is joint venture Compony established by MIDC &Kalyani Group for Multi Product Special Economic Zon(SEZ) which is approved & notified by the Ministry of Commerce & Industry(MoCL),GOI.
- MPCB has granted C to E Dated 17/8/2011
Total Plot Area : 1,70,56,200.00 Sq.mtrs.
Built Up Area : 2,04,64,000.00 Sq.mtrs
- Project proponent obtained Environmental Clearance from MoEF,GOI vide No.21-944/2007-IA-III dated 20th May,2010 for Total Plot Area 4500Hectare
- Water consumption -1.8 CMD.
Sewage Generation - 1.0CMD.
Industrial Effluent Generation-0.8 CMD.
- SRO Reported that,
 - a. Applicant has not provided common STP.
Every Individual Plot holder will be providing their own septic tank arrangement
 - b. Road Access provided.
 - c. One substation at Nimbgaon is constructed to supply water.
 - d. About 45000 sapling has been planted.
 - e. On site 9 earthen nalla bunds & 2 cement nalla bund are constructed for rain water harvesting.
- Quantity of Non-Hazardous waste generate is not mentioned.
- There is no clarity from SRO Report and Application Details submitted by Project Proponent that for what purpose project proponent has applied for C to 1st Operate and As per Environment Clearance., i.e. Industries likely to be setup within the SEZ are: Heavy Industries, Light Industries, Electronics and Electrical Products, Automobiles, Biotechnology, Pharmaceutical. IT/ITES/Food Processing, Textiles and apparel, gems, jeweler, Plastics. Aviation & Logistics.
- As per condition No. 15.,mentioned in Previous consent that individual industry/projects shall obtain C to E from the Board.
- RO Pune Recommended for C to 1st Operate for phase-I for Period upto 31/08/2014.
- We may grant C to 1st Operate subject to condition that the industry shall provide STP and no sewage shall be discharge to any water body.

CAC Item No.01

HOD Remarks

Name of the Industry: M/s Hikal LTD,
Plot No T-21, MIDC Talaja.
Dist - Raigad

HOD Remark:-

- Application for Renewal with increase in CI from Rs. 191.69 Crore to Rs. 206.08 Crore & C to E for installation of Briquette fired Boiler with CI Rs. 4.61 Crore.
- Application received RO NM on 07/11/2012.
- Application received at HQ on 14/12/2012.
- I.E. 788.95 CMD. D.E. 30 CMD. Primary and secondary treatment, ETP provided. Disposal into CETP Talaja.
- Some JVS parameters are exceeding the consented limit, However RONM has remarked for relaxation of parameters and difficulties for analysis of some parameters in Boards laboratory.
- RO NM has issued ID on 16/06/2011 for reuse of treated effluent to the best possible. Compliance report submitted.
- As per ID compliance industry has started recycling of 80 CMD treated effluent.
- Earlier industry has paid consent fees for 5 years but Board has granted consent for 2 years. Industry has requested to consider the balance fee.

In view of above, recommended for grant of renewal of consent with Consent to Establish for installation of Briquette fired Boiler by considering previous balance consent fees paid and imposing revised standards of pesticides manufacturing industry.

JD(PAMS)

CAC Item No.02

HOD Remarks

Name of the Industry: M/s. Wockhardt Ltd. (Bio Tech Park)
Plot No. H-14/2, MIDC Waluj,
Dist. Aurangabad.

- Application recd to SRO Aurangabad 31/10/2012.
- Application recd at HQ on 13/12/2012.
- Existing unit Mfg of Bulk Drugs.
- Existing Consent valid up to up to 31/12/2016. Applied for Consent to Establish for installation of Briquette fired Boiler by replacing one FO fired Boiler.
- Ash generated will be disposed by land filling or sale to Brick manufacturers.
- No additional effluent generation.
- Proposed CI for installation of Boiler is Rs. 1.7377 Crore.
- The proposed change of fuel for boiler is clean fuel as compare to furnace oil. However it is desirable to have comparison of pollution from industry based on characteristic of fuel use.

In view of above, we may consider for grant Consent to Establish for installation of Briquette fired Boiler after getting no increase in pollution load confirmation from industry / reputed institute.

CAC Item No.09
HOD Remarks

Name of Industry

M/s. Shree Chatrapati Shahu SSK Ltd.

Tal – Kagal, Dist – Kolhapur

- Industry has applied for consent amendment in existing Consent to Establish. It is RED/LSI unit.
- Previous consent was issued dt. 04.02.2012 vide letter no. BO/JD (WPC) EIC No. KP-7744-11/E/CC-CAC-246 valid up to commissioning of unit or 5 yr. whichever earlier.
- Industry proposes production of Sugar 5850 MT & M and Co-Gen 9 MW.
- Total Capital Investment of Industry - Rs. 204.06 Cr.
 - Capital investment of Sugar unit – Rs. 66.76 Cr.
 - Capital investment of Co-gen unit – Rs. 53.63 Cr.
 - Capital investment of Distillery unit – Rs. 16.70 Cr.
- Industry is generating 16 m³/day Domestic Effluent which will be treated in septic tank followed by soak pit.
- Industry will be consume 400 m³/day water and will generate 130 m³/day Industrial Effluent and 16 m³/day Domestic Effluent.
- Treated effluent will be disposed on own land of 98.8 acre which is sufficient.
- JVS analysis result dt. 23.11.2011 are exceeding while result dt. 03.01.2012, 30.03.2012 is within limit.
- Industry has provided ESP as APC attached to Baggase/Coal Fired Boiler having stack height of 70 m.
- Industry has already paid fees for consent to Establish.
- Production of Co-Gen 9 MW was not reflected in earlier consent application as well in product category of IMIS module.
- Industry had submitted Bank Guarantee of Rs. 2 Lakh towards to cover the effluent collection system and to avoid the ingress of Bagasse. This BG of 2 Lakhs has been returned against the compliance. JVS results were within limit so BG of 5 lakhs was not imposed while issuing renewal of consent dt.04.02.2012.
- SRO Kolhapur has recommended application for amendment in consent to establish.
- We may grant amendment by Co-Gen 9 MW in addition to C to E issued on 04.02.2012
- Earlier consent was issued without Co-Gen, as it was not mentioned in application and IMIS process, but industry has applied but was not included in last processing by RO/SRO.
- Now we may consider as processed application received for inclusion of Co-Gen, it requires EC
- C to E was obtained and provided ESP
- We may grant C to E with amalgamation to existing consent of C to E dt. 04.02.2012

JD(WPC)

CAC Item No.14

HOD Remarks

Name of Industry

M/s. Mumbai Municipal Corporation of Greater Mumbai (MCGM)

Mahapalika Marg, Fort, Mumbai – 400001

HOD Remarks:

- Applied for the renewal of Consent to operate.
- Previous conditional consent was granted on dt.03.02.2012 valid upto 31.03.2012.
- Application received at SRO on dt.03.09.2012 and at HQ on dt.07.11.2012.
- MCGM has installed 7 Nos. of STP at locations – Colaba, Love Grove, Bandra, Versova, Malad, Bhandup, Ghatkopar.
- At present sewerage is treated in primary treatment followed by aerated lagoons and with disposal into the creek /sea. The present capacity of this sewage treatment plant is inadequate and needs up gradation to cope up with additional load and to achieve the standards of BOD and SS.
- Operational and Maintenance of STP's need improvement and all aerators of aerated lagoons must be kept in operation for effective treatment of Waste water.
- Parameters like BOD are exceeding the consented standards as per the analysis reports.
- As per the previous consent condition MCGM yet not submitted the report of implementation of “ Bombay Sewage Disposal Project” (BSDP).
- We may renew the consent as per the earlier consent granted.
