3. The capital investment of existing plant is Rs.90 Crores and C.I. of Proposed plant is Rs.50/- Crores. Total Capital is above Rs.100/- Croes. Hence Consent granting authority is CAC
4. Water Cess paid up to October, 2012.
5. Environment Statement for the year 2011-2012 submitted.
6. SRO/RO Nashik recommended to grant consent to establish for expansion.

Recommended. to grant establish for expansion.

Joint Director (APC)

CAC Item No.17

**Name of Industry:- Wockhardt Hospital Ltd., C.S. No. 1877,
Dr. Anand Rao Nair Marg, Agripada, Byculla, Mumbai**

HOD Remarks

1. Application for grant of Consent to 1ST Operate of Hospital Building (320 Beds) having total construction BUA of 29,266.54 sq. mtrs. received at R.O. (Mumbai) on 22/03/2012.
2. R.O.(Mumbai) forwarded application to A.S.(T) on 15/12/12.
3. Firm has obtained Consent to Establish vide Consent No. BO/RO-Mumbai/AS(T)/EIC No. MU-3046-11/CAC-443 dtd. 7/06/2012 for construction of Hospital Building (320 Beds) having total construction BUA of 25,015.26 sq. mtrs.
4. Firm has obtained Environmental Clearance vide letter bearing File No.: SEAC-2009/CR.14/TC.3 dtd. 12/10/2011 for construction of Hospital Building (320 Beds) having total construction BUA of 25,015.26 sq. mtrs.
5. Firm has provided STP of capacity 325 CMD consisting of primary, secondary & tertiary treatment for treatment of sewage effluent. After treatment, the treated sewage will be utilized upto maximum extent for flushing, firefighting, cooling tower, gardening and rest is discharged into Municipal sewer.
6. Solid wastes (Dry - 75 Kg/day & Wet - 95 Kg/day) will be disposed off at MCGM dumping ground.
7. Firm has not submitted reason for not providing Cost of land in CA Certificate and caused loss of revenue in terms of Consent fee at the time obtaining CtE as well as at the time of applying for Ct1stO.
8. Firm has not submitted clarification for applying for grant of Ct1stO for total construction BUA 29,266.54 sq. mtrs whereas granted EC & CtE for total construction BUA 25,015.26 sq. mtrs. Thereby violated conditions of EC & CtE.
9. Firm has not submitted application for grant of an authorization under BMW (M&H) Rules.
10. RO(Mumbai) has reported in the processing report that HCE has not yet started and not submitted copy of OC.
11. SRO(Mumbai-II) / RO(Mumbai) have recommended for grant of Consent to 1st Operate subject to condition of submission of application for obtaining BMW Authorization and submission of B.G.
12. Firm has paid Consent to Operate fees of Rs. 4,16,000/- for period of 1 year.
13. SCN for refusal may be issued for non submission of C.I. in prescribed format, non submission of clarification regarding excess BUA mentioned in the application form, and for non submission of application for grant of an authorization under BMW (M&H) Rules.

Asst. Secretary (Tech.)

CAC Item No.18

**Name of Industry: Ashland India Pvt. Ltd.,
Plot No. G-3, MIDC Additional Ambernath, Dist- Thane.**

HOD Remarks

1. Application for 1st Consent to Operate.
2. Product- Lubricating oils, greases or petroleum based products.
3. Application received at SRO on 07/12/2012 and at HQ on 15/01/2013.
4. I. E. generation is Nil. DE generation is 24 CMD. Industry has provided full-fledge STP consisting of Preliminary treatment, Aerobic biodegradation (Moving Bed Bio-Film Reactor) followed by tertiary treatment. Treated domestic effluent used for flushing and gardening in premises.
5. Industry has provided 27 mtrs. Height chimney to control air emissions from Boiler and acoustic enclosure to DG set.
6. CI as per C to E was Rs. 95.61 Crore. Now applied with CI of Rs. 129 Crore. Hence this is new entry in CAC list. Industry has paid consent fees of Rs. 2,58,700/- & difference consent fees of Rs. 75,000/- for increase in CI.

In view of above, we may consider the case for grant of 1st Consent to Operate.

PAMS

CAC Item No.19

**Name of industry :- Urjankur Shree Tatyasaheb Kore Warana Power Co. Ltd.,
Gat No. 630 A/p Waranagar, Tal - Panhala, Dist – Kolhapur**

HOD Remarks

- This case was discussed in 10th CAC meeting dt. 31.01.2013 and was not approved.
- It was decided to keep in abeyance till conditions of C to E complied. Revert back to CAC, thereafter.
- Industry vide letter dt. 08.02.2013 has submitted the compliance of C to E and EC conditions as follows,
 - Industry has placed order for continuous monitoring system and it will be ready within fore night.
 - Due to implementation and construction of project low lying location is difficult to find for rain water harvesting system, however industry has awarded contract for carrying out the rain water system.
 - The requirement of coal for the plant will be after June 2013. The construction of coal shed is in progress & expected to complete before June 2013 till such time industry will use Bagasse as fuel and having ESP.
- SRO Kolhapur vide email dt. 26.02.2013 has reported that,
 - Industry has completed installed continuous stack monitoring to boiler stack and the work of temporary shed for coal yard is in progress & permanent shed work is also in progress.
- From the above it is noted that Company has ,
 - Provided ESP on boiler stack & propose to use Bagasse as fuel till facilities to store coal are provided and ready to use.
 - Installed continues stack monitoring system as per SRO dt. 26.02.2013.
 - Rain water harvesting work is awarded to private party as reported by industry and there is still time for rain/rainy season.
 - Hence we may grant consent to operate with condition of BG Rs. Ten Lakh and
 - To complete coal shed work and not to store and use coal till facility is verified by MPCB and permitted. (Allow to use Bagasse till then)
 - Rain water harvesting shall be completed on or before 31st May 2013
 - Submitted for consideration in CAC.

JD(WPC)

CAC Item No.20

Name of industry :- Macrotech Construction Pvt. Ltd. Lodha Pavilion, Appolo Mills Compounds, N. M. Joshi marg, Mahalaxmi, Mumbai

HOD Remarks

1. **Application for grant of 1st Consent to Operate in part for MCGM car parking .**

2. Application Received at SRO on 16/01/2013 and at HQ on 23/01/2013

3. The firm has obtained C to E vide no CC-232 dt. 23/06/2010 for ;

Total Plot Area- 37,006.39 M²

Built up area- 89077.7 M²

4. The firm has obtained EC vide No./SEAC-2010/CR.291/TC.2 dt. 19/01/2011, for .

Total Plot Area - 37,006.39 M²

Built up area (FSI) - 89076.10 M²

Total Construction area - 2,32,450.0 M²

MCGM car parking - 42,037.0 M²

5. Now applied for in part for car parking.

Total Plot Area - 37,006.39 M²

Total construction area- 42,037.0 M²

6. Earlier consent to operate on same plot valid upto 31/11/2012, for which the firm has applied for renewal of consent through separate application for,

Total Plot Area - 37,006.39 M²

Total Construction area - 21,3270.77 M²

7. Water requirement is - 43.0 M³/day

Sewage generation- 42.0 M³/day

STP provided - 50.0 M³/day

8. The Solid Waste generation -

Wet garbage- 60.0 kgs/day

Disposed to MCGM sites

Recyclable- 16.0 kgs/day

Reuse/recycle

Inert Waste- 19.0 kgs/day

Disposal at MCGM

STP sludge- 7.0 kgs/day

Used as Manure

9. RO has recommended the case for 1st consent to operate
10. The case may be considered for a amalgamation with earlier consent, being on same plot.

RO(HQ)

CAC Item No.21

Name of industry :- Indiabulls Power Ltd., Amravati Thermal Power Project (Ph 1), Plot No. D-2 and D-2 (Part), Addl. Industrial Area, Nandgaon Peth, Amravati

HOD Remarks

1. Applied for 1st Consent to operate for (Ph-I) for manufacturing of Electricity generation – 540 (2 x270 MW).
2. Application received at SRO - Amravati - I on dtd 4/12/2012 and at HQ on dtd 02.02.2013.
3. The Board was granted combined consent for consent to establish for Ph-I & Ph-II for 2700 MW (10x270MW) vide letter dtd. 11.10.11
4. Industry effluent is 9811 CMD. Industry has provided primary ETP.
5. Domestic effluent is 230 CMD. Provided STP.
6. SRO visited the unit on dtd 2.1.13 and observed-

I) Water Pollution Control Status: Indl. Effluent: The primary ETP is provided. The condenser tank is provided for collection of boiler blow down for recycle. The flow meter for measurement of effluent is not provided. The same is proposed as reported by them.

II) Air Pollution Control Status: 1) Boilers (2no) are provided with ESP (2nos)

sampling arrangement is provided.

2) Coal Handling Plant: They proposed bag filters are crusher house coal

bunkers. 4 nos close type crushers are installed.

3) Ash Handling & Disposal: i) 2 no.Ash Silo of capacity 450 Ton (each) provided with filter bags. ii) High conc. Slurry disposal system wherein no treatment or effluent recovery system is required as they reported. iii) The ash disposal area is 270 AC. They have not provided Bund type Ash pond. Due to high conc. slurry disposal system & ground slope area, ash bund wall is not required as reported. The LDPE lining was undertaken & reported that the work of same will be completed within one month as reported. The pond of capacity 15000 KI for effluent generated from as disposal area is provided. The LDPE lining for this pond was undertaken & the same will be completed within fortnight as reported. iv) Most of the treated effluent has to be recycle/reused & rest shall be utilized for ash/coal handling dust suppression and thus their shall be no discharge of effluent outside the factory premises.

III) General: 1) As per consent condition, they have not adopted clean technology like Ozonisation for cooling water treatment. 2) As per condition of Env. Clearance issued MoEF, transportation of coal has to be down by Rly. Rly siding work from Walgaon was undertaken. It is reported that the coal from WCL will be transported by mech. Closed type containers till Rly siding work is completed. The washed coal will be utilized for boiler to reduce the ash content as reported. 3) Env. cell is not formed. 4) They proposed continuous monitoring equipments for stack emission analysis. The equipments are received as site & under installation.

7. SRO recommended that the application for consent to operate for electric generation 540 MW (2x 270MW) may please be considered only after fulfillment of required pollution control systems.
8. HOD Remark – Work of the most pollution control system not yet completed. Also consent to establish compliance/ Environmental Clearance compliance not done. In view of above, we may keep the 1st consent to operate in abeyance till the completion of pollution control system including railway siding & completion report from RO/SRO.
9. We may pace the consent application before CAC for further consideration.

Joint Director (APC)

CAC Item No.22

**Name of Industry :- Grace Industries Ltd., (25 MW TPP),
A-23, MIDC Tadali Growth Centre, Chandrapur**

HOD Remarks

1. Applied for 1st consent to operate for 25 MW Power Plant.
2. Obtained Consent to Establish dated 18.11.2006.
3. The issue of environment clearance is under consideration with SEIAA, Govt. of Maharashtra

The reply on Environment Clearance is not yet received. E.C. not obtained. Hence we may keep Consent to Operate in abeyance till issue get resolve.

Joint Director (APC)

CAC Item No.23

Name of Industry :- Sudarshan Jeans Pvt Ltd., (Expansion)
Plot No. T-2, MIDC Kagal, Hatkanangale Industrial Area,
Tal- Kagal, Kolhapur

HOD Remarks

- Industry has applied for Consent to establish for expansion and the case was untraceable in the office now industry has applied for the consent to operate for expansion. It is RED/LSI unit.
- Existing consent is valid up to 31.10.2013 for manufacturing 8 lakhs m/month and now applied for 24 lakhs m/month.
- Industry has increased its CI by Rs. 90 Cr. for expansion. The existing CI is Rs. 60.1 Cr. The total CI is Rs. 150.10 Cr. for which industry has paid additional fees of Rs. 1,25,000/- for C to E and 1,25,000/- for C to O
- Existing water consumption is - 285 CMD; IE - 126 CMD; DE - 4 CMD
- Water consumption will be increased by - 160 CMD; IE - 120 CMD; DE - 10 CMD
- Now total consumption will be - 446 CMD; IE - 246 CMD; DE - 14 CMD
- Industry has ETP comprising Primary, Secondary and Dual media filter facility of capacity 300 m³/day and member of CETP.
- Industry has installed one more boiler and with stack height of 33 m, provided with multi-cyclone type dust collector as ASP.
- Industry has installed five stage multiple evaporating system to reduce effluent quantity.
- Industry has obtained membership of CHWTSDF.
- Industry has paid Cess up to Dec 2012
- Industry has submitted Environmental Statement for the year 2011-2012
- JVS results dt. 31.08.2012, 30.09.2012 is within limit. Sample collected dt. 17.10.2012 BOD found higher.
- SRO Kolhapur has recommended application for renewal of consent to operate up to 31.10.2013
- Considering above the case is submitted with recommendation to grant C to E and O at a time up to 31.10.2013 i.e. coterminous with existing consent.
- Submitted for consideration in CAC

CAC Item No.24

**Name of Industry :- WCL Mungoli OCM,
Po- Sakhara (Kolgaon), Mugoli Sub Area,
Dist – Yavatmal**

HOD Remarks

1. Applied for consent to operate fir expansion from 1.5 Million ton per year to 4.0 Million ton per year.
2. Earlier consent for existing unit was valid up to 31/12/2012, for coal production of 1.55 Million ton per year.

The Board has already refused the Consent to Establish of the expansion of the mine, but still unit has applied for consent to operate. R.R.Z. not satisfied. In view of above, we may communicate to W.C.L. that without Consent to Establish, Board will not grant Consent to Operate. Also we may forfeit the existing Bank Guarantee of Rs.10/- Lakhs due to above not-compliances.

Joint Director (APC)

CAC Item No.25

Name of Industry :- Sanjivani (T) SSK Ltd., (Distillery Unit), Sahajanand, Tal - Kopergaon, Ahmednagar

HOD Remarks

- Applied for first consent to operate for expansion to distillery unit for (25 KLPD).
- Industry Category RED/LSI.
- Existing total Capital Investment of the units are as below.
- C. I. of Sugar & Chemical unit Rs. 48.76 Cr.
- C.I. of Country liquor unit is Rs. 2.10 Cr.
- C.I. of existing Distillery unit is Rs. 6.62 Cr.
- C.I. of Co-generation Plant Rs. 40.97 Cr.
- C.I. of proposed Distillery unit Rs. 8.16 Cr.
- Total C.I. Rs. 106.61.
- Existing distillery unit C.I. increased by 8.93 Cr. & Proposed unit C.I. has been decreased by 1.40 Cr
- At present total C.I. of the units are Rs 114.14 Cr.
- Earlier consent dtd. 12.03.010 valid up to: Commissioning of the unit.
- I.E. effluent generation to the tune 290 CMD and D. E. generation to the tune 0.90 CMD.
- ETP provided Primary & secondary treatment, disposal on land for gardening.
- Earlier consent dtd. 12.03.2010 granted by Board subject to achieve zero discharge.
- Industry has not provided Bio-methanization followed by five stage multiple evaporation & anaerobic bio -composting to achieve zero discharge.
- SRO/RO recommended consent to operate may be refused as industry has failed to comply the stipulated consent conditions imparted in the consent order.
- The case is under purview of CAC committee.
- Submitted for further order & line of action please.

- Submitted for further order & line of action.

JD(WPC)

CAC Item No.41

Name of Industry :- Jubilant Life Science Ltd., Villagar Nimbut-Nira, Tal - Baramati, Dist- Pune

HOD Remarks

- Application recd to RO Pune 30.11.2012.
- Application recd at HQ on 28/12/2012.
- Mfg of chemicals.
- The industry location is in RRZ restricted area (Nira river A-IV Zone)
- Now Industry has applied for renewal of consent with decreased CI from Rs 307.80 Cr to 198.08 Cr. Clarification called from industry.
- Existing I.E. – 1963 CMD, D.E. - 155 CMD. Primary & secondary treatment provided. Distillery effluent is being treated by bio-methanation followed by RO system and bio-composting. Industry has provided 19 acres bio compost yard with concreting.
- Disposal - For chemical treated effluent is disposed on land for Gardening. Land available – 17 acres.
- JVS results are within limits except July 2012 report wrt BOD and COD.
- Industry has submitted clarification. They stated that, the overall CI is 307.80 crs including existing and proposed. But at present they have not expanded / installed their distillery & power plant of proposed as they had obtained C to E.
- The CI of Existing unit is Rs 198.08 cr and remaining CI is for proposed expansion as per C to E.
- The details of plant and consent No and CA certificate is enclosed. Also industry has submitted their groups annual report 2011-12.
- The file was referred to accounts section regarding re-verification of consent fee. Accordingly, account section submitted fees calculation statement, which is as per existing CI.
- RO Pune has recommended for grant of renewal of consent with additional capacity of existing product ethyl acetate – 120 MT/D, may be taken at higher level.

Earlier change in product mix consent application is granted by CAC held on 24.12.2012 with validity as per existing consent i.e. 31.12.2012 and it was decided to call renewal application from concerned RO.

We may consider the case for renewal of consent as per CAO's remarks regarding consent fee calculation on decrease in CI Rs 198.08 Crs.

PAMS

CAC Item No.42

**Name of Industry :- National Chemical Laboratory,
Pashan Road, Shivaji Nagar, Pune**

HOD Remarks

- Application recd at RO Pune on 14.12.2012
- Application recd at HQ on 24.01.2013.
- Industry is engaged in R & D activity.
- Consent validity was expired on 31.12.2012.
- As per earlier consent condition industry has not submitted BG of Rs 5 lakhs.
- Unit has sold 100 acres own land to Indian Institute of Science Education and Research, Pune (IISER).
- The institute has informed that the combined ETP of NCL and IISER are being planned. ETP designed by IIT(B) and tender for the construction of the ETP is in process.
- For domestic effluent institute has also proposed to provide STP and NEERI Nagpur is submitted proposal having capacity 340 CMD.
- RO Pune has remarked that, consent may be grant after receipt of satisfactory reply of SRO's query letter and submission of BG towards ETP an STP.

We may consider the case for grant of renewal of consent by imposing condition towards provision of ETP and STP of adequate capacity in a time bound manner with BG of Rs 10 lakhs as the industries has not submitted BG Rs 5 lakhs as per earlier consent conditions and RO may initiate action separately based on the reply to SRO Pune-1 query letter to be submitted by industry.
