

Minutes of Sectorial review of Distillery industry discussed in 7th CAC meeting held on 17.06.2014

Sectorial Review of Distillery (CAC) cases was taken in the 7th CAC meeting held on 17.6.2014. A general policy to be implemented for Distillery units is as below:

Sr. no.	BG imposed/ not imposed in consent	BG submitted/ not submitted	Conditions complied/ not complied	Action proposed
1.	BG imposed in consent	BG not submitted	Complied	No action required, delete the BG condition
2.	BG imposed in consent	BG submitted	Complied	No action required, delete the BG condition and return the BG
3.	BG imposed in Consent	BG submitted	Not Complied	Impose BG as per new BG regime *
4.	BG imposed in Consent	BG not submitted	Not complied	Impose double amount of BG as per new BG regime #
5.	BG not imposed in Consent	--	Not complied	Impose BG as per new BG regime
6.	BG not imposed in Consent	--	Complied	No action/BG required
7.	Any BG imposed in older regime.	BG submitted	Complied & Not complied	To be returned

* for example previously BG imposed for certain condition is Rs. 5 lakh and now as per new BG regime, BG for the same condition is Rs. 7 lakh, then BG of Rs. 2 lakh (additional) will be obtained and existing BG of Rs. 5 lakh shall be renewed upto new compliance time limit.

for example previously BG imposed for certain condition is Rs. 5 lakh and now as per new BG regime, BG for the same condition is Rs. 7 lakh, then BG of Rs. 14 lakh shall be obtained.

The aim of the Sectorial review of Distillery Industry is to achieve 98% weighted average compliance. For achieving the same initially compliance of major conditions in case of Distillery industry i.e. 1) Volume Reduction in spent wash by Reboiler/RO/Bio-digester to be provided,2) Zero Discharge to be achieved by a) Bio Composting by Adequate area of compost to be provided in acres as per CREP in case of composting OR b) MEE/Incineration. 3) Industry to provide APC system as per CREP Norms, is to be sought strictly by 31.12.2014. Once these major conditions have been complied by all Distillery industries, then Consents will be issued by enforcing BG for minor conditions and Consents will not be withheld. **Units which involves Court case / Complaints will be separately put up on file to Chairman.**

The draft directions prepared for Distillery Industry shall be re-drafted separately for the industries who have not submitted the BG and are non-complying and others who have submitted BG and are non-complying and shall be put up to MS/Chairman for approval. Specific conditions imposed in earlier directions shall be added to the new directions after verifying compliance and the new directions will issued with superseding or overriding effect over previous directions/decision of CAC.

The SRO's will submit status reports on 31st July, 31st August, 30th September, 31st October, 30th November and 31st December.

Proposed Policy for Compliance of specific conditions for Distillery Units with BG & Time Bound Programme.

Sr. No	CODE	Consent conditions	BG amount	Time for compliance
1	D1	Volume reduction in spent wash by Reboiler/RO/Bio-digester to be provided.	Fifteen Lacs	31.10.2014
2	D2A	Zero discharge to achieved by	Fifteen Lacs	31.12.2014
		Bio-composting		
		Adequate Area of Compost to be provided in acres as per CREP in case of composting.		31.12.2014
		Lechate collection system to be provided in case of composting		31.12.2014
	OR			
D 2B	MEE/Incineration	31.10.2014		
3	D 3	30 days impervious storage tank/Lagoon to be provided as per CREP.	Two lacs	31.10.2014
4	D 4A	Industry shall provide ESP/Bag Filters/Wet Scrubber as per CREP condition with adequate stack height for solid fuel i.e., biomass/coal (End pipe treatment) (Incase separate boiler from sugar unit).	Five lacs	31.10.2014
	D 4 B	Industry shall provide H2S scrubber in case of gaseous fuel for treatment at the point of generation with adequate stack height	Five lacs	31.10.2014
5	D 5	O & M Compliance of consent conditions for achieving consented standards.	Five lacs	Monthly Monitoring
