

**EQUIPMENTS AVAILABLE AT REGIONAL LAB., NASHIK.**

| <b>Sr.No.</b> | <b>Name of Equipments</b>       |
|---------------|---------------------------------|
| 1.            | Autoclave                       |
| 2.            | Aquarium for bioassay & aerator |
| 4.            | BOD Incubator                   |
| 5.            | Bacteriological Incubator       |

|    |                                      |
|----|--------------------------------------|
| 6. | Centrifuge                           |
| 7. | Color Comparator                     |
| 8  | COD Digestor.                        |
| 9  | Cyanide distillation assembly        |
| 10 | Filtration pumps                     |
| 11 | Flocculator                          |
| 12 | Fuming Chamber                       |
| 13 | Heating Mantal                       |
| 14 | Hot Plate                            |
| 15 | Kjedahal Nitrogen Assembly           |
| 16 | Magnetic Stirrer with hot plate      |
| 17 | Millipore Water Purification System. |
| 18 | Muffle Furnace                       |
| 19 | Oven (Hot Air )                      |
| 20 | Refrigerator                         |
| 21 | Rotary Shaker                        |
| 22 | Water bath                           |
| 23 | Micro pipette                        |
| 24 | BT Dispenser                         |
| 25 | Auto Burette                         |
| 26 | Acid Dispensor                       |
| 27 | Ion selective Electrode              |
| 28 | Double distillation assembly         |
| 29 | Fire extinguishers                   |
