"M/s Spectrum Ethers Ltd." SRO Nashik/1/R/L/02784000

7. Conditions under Hazardous Waste (M,H & TM) Rules, 2008 for treatment and disposal of hazardous waste:

i) The Industry shall handle hazardous wastes as specified below:

Sr. No.	Type Of Waste	Category	Quantity	UOM	Treatment	Disposal
1	Waste residue containing pesticides	29.1	853.95	MT/Y		CHWTSDF as per area allocations
2	Residue from dryer	29.2	2257.15	MT/Y		CHWTSDF as per area allocations
3	Expiry/off specific pesticides	29.3	14.00	MT/Y		CHWTSDF as per area allocations
4	Chemical residue from decontamination	33.1	188.60	MT/Y		CHWTSDF as per area allocations
5	ETP sludge	33.2	102.40	MT/Y		CHWTSDF as per • area allocations
6	Discarded containers and Liners	33.3	214.00	MT/Y		CHWTSDF as per area allocations
7	Distillation residue	36.4	44.80	MT/Y		CHWTSDF as per area allocations
8	Used Oil	5.1	2.25	МТ/Ү		Sale to CPCB registered recycler/ reprocessor

ii) The industry shall immediately dispose of odoriferous hazardous waste and ensure further treatment/disposal of the same at CHWTSDF within 48 hrs. from the receipt at the CHWTSDF site.

8. The Board reserves the right to review, amend, suspend, revoke etc. this consent and the same shall be binding on the industry.

- 9. This consent should not be construed as exemption from obtaining necessary NOC/permission from any other Government authorities.
- 10. The applicant shall not take any effective step prior to obtaining Environmental, Clearance. As per Para 2 of EIA Notification dtd. 14/09/2006, the effective steps include starting of any construction work or preparation of land by the project management. However, as clarified by the MoEF vide Office Memorandum No. J-1103/41/2006-IA.(I) dtd. 19/08/2010, fencing of the site to protect it from getting encroached & construction of temporary shed(s) for the guard(s) & acquition of land shall not be treated as an effective steps.

11. This Consent is issued without prejudice to the decision of Additional Session Judge-1, Court of Adhoc, Nashik in the Criminal Revision Case No. 577/2008 filed by the Board against the industry.

12. This Consent is issued pursuant to the decision of the Consent Committee meeting held on 05/09/2014.

For and on behalf of the Maharashtra Pollution Control Board

<u>Schedule-I</u>

Terms & conditions for compliance of Water Pollution Control:

- 1) A] i) As per your application, you have proposed to upgrade the existing the Effluent Treatment Plant (ETP) to enhance the design capacity of 195 CMD.
 - ii) Trade effluent Treatment: The applicant shall provide comprehensive treatment system consisting of primary / secondary and or tertiary treatment followed by Multiple Effect Evaporators having total capacity of 195 m³/day (3 Nos. of 40 Kl, 75 Kl & 80Kl⁻ capacity each) as is warranted with reference to influent quality and operate and maintain the same continuously so as achieve the quality of the treated effluent to the following standards:

Sr. No.	Parameters	Standards prescribed by Board		
	I. Compulsory Parameters	Limiting Concentration in mg/l, except for pH		
01	pН	5.5 -9		
02	Oil & Grease	10 mg/l		
03	BOD (3 days 27ºC)	30 mg/l		
04	Total Dissolved Solids	2100 mg/l		
	II Additional Parameters			
05	Suspended Solids mg/lit	100 mg/l		
06	COD mg/lit	250 mg/l		
07	Chloride mg/lit	600 mg/l		
08	Sulphate mg/lit	1000 mg/l		
09	% Sodium	60%		
10	Phenolic Compound	1.0 mg/l		

- iii) Trade effluent disposal: The condensate from the effluent bearing streams, Multiple effective evaporators and cooling tower blowdown after Biological treatment shall be 100% recycled and reused.
- B] i) As per your application, you have proposed to provide the sewage treatment plant (STP) with the design capacity of 25 CMD.
 - ii) Sewage Effluent Treatment: The applicant shall provide sewage treatment plant as is warranted with reference to influent quality and operate and maintain the same continuously so as to achieve the quality of treated effluent to the following standards:

(1)	Suspended Solids.	Not to exceed	100	mg/l.
(2)	BOD 3 days 27oC.	Not to exceed	100	mg/l.

iii) Sewage Effluent Disposal: The treated sewage shall be applied on land for gardening/irrigation purpose only within premise.

C] Other conditions:

1. Industry should monitor effluent quality regularly.

2) The Applicant shall comply with the provisions of the Water (Prevention & Control of Pollution) Cess Act, 1977 and as amended, (to be referred as Cess Act) amendment Rules,2003 there under.

Sr. No.	Purpose for water consumed	Water consumption quantity (CMD)
1.	Domestic	19.0
2.	Industrial Processing	117.2
3.	Industrial cooling	200.0
4.	Boiler feed	71.0
5.	Agriculture/Gardening	25.0

"M/s Spectrum Ethers Ltd." SRO Nashik/I/R/L/02784000

Page 5 of 11

The applicant shall regularly submit to the board the returns of water consumption in the following prescribed form and pay the Cess as specified under Section 3 of the said Act.

3) The Board reserves its rights to review plans, specifications or other data relating to plant setup for the treatment of waterworks for the purification thereof & the system for the disposal of sewage or trade effluent or in connection with the grant of any consent conditions. The Applicant shall obtain prior consent of the Board to take steps to establish the unit or establish any treatment and disposal system and/ or extension, or addition thereto.

4) The industry shall ensure replacement of pollution control system or its parts after expiry of its expected life as defined by manufacturer so as to ensure the compliance of standards and safety of the operation thereof.

5) The Applicant shall provide Specific Water Pollution control system as per the conditions of EP Act, 1986 and rule made there under from time to time.

"M/s Spectrum Ethers Ltd." SRO Nashik/I/R/L/02784000

Page 6 of 11

<u>Schedule-II</u>

Terms & conditions for compliance of Air Pollution Control:

.

1. As per your application, you have proposed to provide the Air pollution control (APC) system and also proposed to erect following stack(s) and to observe the following fuel pattern-

Sr. No	Stack Attached To	APC System	Height in Mtr	Type of Fuel	Quantity & UoM	S %	SO2 Kg/Day
1	Multi fuel Boiler	MDC	36	Coal, or	Coal-45.0 MT/Day,	225	450.

<u>Schedule-III</u>

Details of Bank Guarantees

Sr. No.	Consent (C to E/O/R)	Amt of BG Imposed	Submiss Perio		Purpose of BG	Compliance Period	Validity Date
1	C to E	Rs. 5.0 Lakh	Within days	15	Not to take any effective step towards expansion 'of the existing mfg. capacity unless Environmental Clearance is obtained	Upto commissioning	31/10/2019
2	C to E	Rs. 5.0 Lakh	Within days	15	Compliance of Consent conditions	Upto commissioning	31/10/2019

The applicant shall furnish an irrevocable bank guarantees of Rs. 10 Lakh (Rs. 5.0 Lakh each) as mentioned above at Regional Office, Nashik within 15 days with the validity upto 31/10/2019.

Schedule-IV

General Conditions:

- 1) The applicant shall provide facility for collection of environmental samples and samples of trade and sewage effluents, air emissions and hazardous waste to the Board staff at the terminal or designated points and shall pay to the Board for the services rendered in this behalf.
- 2) If the MIDC pipeline is broken/ overflowing chamber, in such cases industry shall not discharge their treated effluent into MIDC drain, it shall be sent to CETP by tanker.
- 3) Industry should monitor effluent quality, stack emissions and ambient air quality monthly/quarterly.
- 4) The applicant shall provide ports in the chimney/(s) and facilities such as ladder, platform etc. for monitoring the air emissions and the same shall be open for inspection to/and for use of the Board's Staff. The chimney(s) vents attached to various sources of emission shall be designated by numbers such as S-1, S-2, etc. and these shall be painted/ displayed to facilitate identification.
- 5) Whenever due to any accident or other unforeseen act or even, such emissions occur or is apprehended to occur in excess of standards laid down, such information shall be forthwith Reported to Board, concerned Police Station, office of Directorate of Health Services, Department of Explosives, Inspectorate of Factories and Local Body. In case of failure of pollution control equipments, the production process connected to it shall be stopped.
- 6) The applicant shall provide an alternate electric power source sufficient to operate all pollution control facilities installed to maintain compliance with the terms and conditions of the consent. In the absence, the applicant shall stop, reduce or otherwise, control production to abide by terms and conditions of this consent.
- 7) The firm shall submit to this office, the 30th day of September every year, the Environmental Statement Report for the financial year ending 31st March in the prescribed Form-V as per the provisions of rule 14 of the Environment (Protection) (Second Amendment) Rules, 1992.
- 8) The industry shall recycle/reprocess/reuse/recover Hazardous Waste as per the provision contain in the HW(MH&TM) Rules 2008, which can be recycled /processed/reused/recovered and only waste which has to be incinerated shall go to
- incineration and waste which can be used for land filling and cannot be "M/s Spectrum Ethers Ltd." SRO Nashik/1/R/L/02784000

recycled/reprocessed etc should go for that purpose, in order to reduce load on incineration and landfill site/environment.

- 9) The industry should comply with the Hazardous Waste (M,H & TM) Rules, 2008 and submit the Annual Returns as per Rule 5(6) & 22(2) of Hazardous Waste (M,H & TM) Rules, 2008 for the preceding year April to March in Form-IV by 30th June of every year.
- 10) An inspection book shall be opened and made available to the Board's officers during their visit to the applicant.
- 11) The applicant shall obtain Consent to Operate from Maharashtra Pollution Control Board before actual commencement of proposed expansion of the plant.
- 12) Industry shall strictly comply with the Water (P&CP) Act, 1974, Air (P&CP) Act, 1981 and Environmental Protection Act, 1986 and industry specific standard under EP Rules 1986 which are available on MPCB website(<u>www.mpcb.gov.in</u>).
- 13) The industry shall constitute an Environmental cell with qualified staff/personnel/agency to see the day to day compliance of consent condition towards Environment Protection.
- 14) Separate drainage system shall be provided for collection of trade and sewage effluents. Terminal manholes shall be provided at the end of the collection system with arrangement for measuring the flow. No effluent shall be admitted in the pipes/sewers downstream of the terminal manholes. No effluent shall find its way other than in designed and provided collection system.
- 15) Neither storm water nor discharge from other premises shall be allowed to mix with the effluents from the factory.
- 16) The applicant shall install a separate meter showing the consumption of energy for operation of domestic and industrial effluent treatment plants and air pollution control system. A register showing consumption of chemicals used for treatment shall be maintained.
- 17) Conditions for D.G. Set
 - a) Noise from the D.G. Set should be controlled by providing an acoustic enclosure or by treating the room acoustically.
 - b) Industry should provide acoustic enclosure for control of noise. The acoustic enclosure/ acoustic treatment of the room should be designed for minimum 25 dB (A) insertion loss or for meeting the ambient noise standards, whichever is on higher side. A suitable exhaust muffler with insertion loss of 25 dB (A) shall also be provided. The measurement of insertion loss will be done at different points at 0.5 meters from acoustic enclosure/room and then average.
 - c) Industry should make efforts to bring down noise level due to DG set, outside industrial premises, within ambient noise requirements by proper sitting and control measures.

d) Installation of DG Set must be strictly in compliance with recommendations of

DG Set manufacturer.

- e) A proper routine and preventive maintenance procedure for DG set should be set and followed in consultation with the DG manufacturer which would help to prevent noise levels of DG set from deteriorating with use
- f) D.G. Set shall be operated only in case of power failure.
- g) The applicant should not cause any nuisance in the surrounding area due to operation of D.G. Set.
- h) The applicant shall comply with the notification of MoEF dated 17.05.2002 regarding noise limit for generator sets run with diesel

18) The industry should not cause any nuisance in surrounding area.

19) The industry shall take adequate measures for control of noise levels from its own sources within the premises so as to maintain ambient air quality standard in respect of noise to less than 75 dB (A) during day time and 70 dB (A) during night

Page 10 of 11

time. Day time is reckoned in between 6 a.m. and 10 p.m. and night time is reckoned between 10 p.m. and 6 a.m.

20) The applicant shall maintain good housekeeping.

- 21) The applicant shall bring minimum 33% of the available open land under green coverage/ plantation. The applicant shall submit a yearly statement by 30th September every year on available open plot area, number of trees surviving as on 31st March of the year and number of trees planted by September end.
- 22) The non-hazardous solid waste arising in the factory premises, sweepings, etc. be disposed of scientifically so as not to cause any nuisance / pollution. The applicant shall take necessary permissions from civic authorities for disposal of solid waste.
- 23) The applicant shall not change or alter the quantity, quality, the rate of discharge, temperature or the mode of the effluent/emissions or hazardous wastes or control equipments provided for without previous written permission of the Board. The industry will not carry out any activity, for which this consent has not been granted/without prior consent of the Board.
- 24) The industry shall ensure that fugitive emissions from the activity are controlled so as to maintain clean and safe environment in and around the factory premises.
- 25) The industry shall submit quarterly statement in respect of industries obligation towards consent and pollution control compliance's duly supported with documentary evidences (format can downloaded from MPCB official site).
- 26) The industry shall submit official e-mail address and any change will be duly informed to the MPCB.
- 27) The industry shall achieve the National Ambient Air Quality standards prescribed vide Government of India, Notification dt. 16.11.2009 as amended.
- 28) The unit has to display and maintain the data online outside the factory main gate in Marathi & English both on a 6'*4' display board in the manner and the report of the compliance along with photograph shall be submitted to this office & concerned Regional office/sub Regional Office.
- 29) The industry shall recycle/reprocess/reuse/recover hazardous waste as per the provision contained in the HW(M,H & TM) Rules 2008, which can berecycled/ processed/ reused/ recovered and only waste which has to be incinerated shall go to incineration and waste which cannot be used for land filling and cannot be recycled/ reprocessed etc. should go for that purpose in order to reduce load on incineration and landfill site/ environment.
