**Minutes of Shipping Port of M/s. J.S.W. Infrastructure Ltd.**

**proposed At- Village Nandgaon, Tal. Palghar, Dist. Thane,**

Date & Timing of Public Hearing :- 07/11/2012, 11.00 a.m.

Venue :- Tarapur Vidya Mandir, MIDC, Tarapur Taluka-Palghar, Dist. Thane.

Following Committee members were present during the Public Hearing.

- 1) Shri A.A. Shingare :- Additional District Collector, Jawhar, & Chairman of Public Hearing.
- 2) Shri N.H. Shivangi :- Regional Officer, M.P.C. Board, Thane, & Member of Public Hearing.
- 3) Shri Shailesh Naval :- Sub-Divisional Officer, Dahanu
- 4) Shri A.R. Bandappa :- Sub Regional Officer, M.P.C. Board, Tarapur-II, & Convener.
- 5) Shri D.B. Patil, :- Sub Regional Officer, M.P.C. Board, Tarapur-I.
- 6) Shri Surendra Navale :- Tahasildar, Palghar.

At the outset Sub Regional Officer, M.P.C.B., Tarapur-I, welcomed the participants. There after he informed the steps taken by M.P.C.B. to arrange the Public hearing. "The project proponent will make presentation of the proposed project after which the participants can ask their question", he further requested.

There after Shri Pravin Raut, said that he wants to take objection to the public hearing. Before giving information to the people, project proponent should study properly otherwise what objections we can take, he further said. He requested Shri Rambhau Patil, President Maharashtra Fisheries Action Committee, to hand over his written representation containing opinion of the people against the proposed project, to the Chairman.

Thereafter, Shri Narendra Patil said that the information of the proposed project has not been given to the Fisheries Organization & Maharashtra Fisheries Action Committee.

Thereafter, Shri Rambhau Patil, President Maharashtra Fisheries Action Committee, requested the Chairman to cancel the public hearing, "Fishermen are against the project. Fishermen should be given information in Marathi Language, after which they will discuss with the expert and put forth their views". For this purpose he requested the Chairman to postpone the public hearing.

Thereafter, Shri Prabhakar Raul, Head of Shiv Sena party, Thane (Rural), addressed the participants saying that public hearing will take place "you will be given opportunity to put forth your views".

Thereafter, Shri Kundan Sankhe, President, MNS Party, Thane (Rural), told the Chairman that thousands of people are present for the public hearing. They are against the project. It is their request that the public hearing should be conducted as they fear the backlash if it is not conducted. Also it might be difficult for so many people to turn out next time.

Thereafter, Shri Rajiv Tandel, Member Fishermen's local Committee addressed the gathering saying that "public hearing is going to be conducted. Your objections will be noted down let us submit our written representations".

Thereafter, Hon'ble M.P. Shri Baliram Jadhav, said that "the information of the project has been given in English hence, no one should be under the impression that we have understood it". "We will not allow the project at any cost". Saying this he requested the Chairman to start the proceedings.

Thereafter, Chairman welcomed the Hon'ble M.P., people's representative, Fishermen and all the participants. He said that public hearing is being conducted for the purpose of knowing people's view on environmental matters arising due to the proposed project, to include them in the process and to discuss their problems. "We have received your written representations and your views/points have been noted down by us", he further said. He then requested the project proponent to begin the presentation.

Thereafter, Dr. Umesh Kulkarni, Consultant of the project proponent welcomed the participants and began the presentation. Soon after, the participants complained to the Chairman that the presentation being shown on the screen is not visible. Dr. Umesh Kulkarni & others tried but in vain. In this way the presentation could not be made due to the problem of visibility. Hence, he requested the audience to listen to the presentation which will be read out to them, "thereafter you ask your questions", but the audience turned down his request and started making noisy scenes.

Seeing this, the Chairman requested the audience to be quiet. Meanwhile Hon'ble Ex-MLA, Mrs. Manishatai Nimkar Shiv Sena Party, addressed the audience saying that she is on their side against the project. "We will not tolerate this public hearing being held up in police security and will agitate against the project", she further said. She complained to the Chairman

that the project proponent has not even taken the trouble of informing her and further said that the EIA report is not in accordance with the law. She reiterated saying that "we will not tolerate police pressure". "Please listen to us, we don't want to hear from the project proponent as they have not given us information in Marathi and have not taken us into confidence". "Please listen to the people". To which the Chairman politely told her that the public hearing is being conducted for the purpose of listening to the views of the people. Thereafter, Hon'ble Ex. MLA asked Dr. Umesh Kulkarni whether the EIA report is true and correct to which he replied in the affirmative but she said that as far as she is concerned, the report is false.

Thereafter, Shri Kiran Koli, said that fishermen have the right on the sea-shore. "We have been pleading with the Govt. for last so many years to allow us access to the sea-shore for the purpose of drying fish but in vain", he further said. He continued saying that "our demands have not yet been met; on the contrary, Govt. has sanctioned the project of the project proponent and has arranged this public hearing". "We protest this attitude of the Govt."

He further continued saying that the sea is polluted and full of plastic bags, it is insufficient for fishing. "How come the Govt. has permitted the project?" Therefore, fishermen do not want this project and are against the public hearing, he further said.

Thereafter, Shri Pravin Raut said that not only the fishermen but also farmers, cobblers etc. all are against the project.

Thereafter, Shri Jitendra Raut Secretary, Kunbi Sena, Thane (Rural), said that besides the fishermen & farmers, all audience present here, are against the project. He addressed them saying that "you should get away from here if you do not want the public hearing to be conducted".

Thereafter, Shri Vivek Pandit, Hon'ble MLA, requested the Chairman saying that "People should get information of the project in their language". He wanted to know if it is true that the Chairman has received letters from the Sarpanchs of the Grampanchayats stating that they have received blank C.Ds. He then inquired about which Gram Panchayats have been given information. As directed by the Chairman, S.R.O. Tarapur-I gave the information to the Hon'ble MLA. Thereafter, Hon'ble MLA wanted to know whether the Chairman can conduct public hearing without ascertaining whether the people have received & understood the information. He then requested the Chairman to postpone the public hearing if it is true that the audience is unable to view the presentation. Saying this, he voiced his protest against the procedure of the public hearing.

Thereafter, on behalf of the people, Hon'ble M.P. Shri Baliram Jadhav requested the Chairman to cancel the project.

Thereafter, Dy. Sarpanch of Village-Kolvade, Mrs. Hemlata Sankhe, complained against the existing steel factory of M/s. JSW, saying that their land was given to the factory for peanuts. The factory has not employed the locals, has not planted the trees and is generating lot of ash affecting them. Saying so, she voiced her opinion against the project.

Thereafter, Hon'ble State Minister, Shri Rajendra Gavit, said that if the project spells trouble to the fishermen & farmers, then we will not allow such type of disastrous project. Saying this, he addressed the audience that he is with them in their agitation against the project.

Thereafter, one by one following participants protested the public hearing and requested Chairman to cancel the proposed project :-

Shri. Sujit Patil, Sarpanch, Village-Shirgaon, said that "the proposed project is a private one, no Grampanchayat has given permission to this private project." "In absence of the permission, where is the necessity of the public hearing?"

"Everyone is against the project hence it should be cancelled."

Thereafter, Dy. Sarpanch, Vill. Dandi, said that "before carrying out exploratory work the company officials did not inform our Grampanchayat." "They approached us only after protests from the villagers." "They have misled the villagers."

Thereafter, Smt. Vaishnavi Thakur, Sarpanch, Alewadi, said that, "we have not understood the information of the project". "The sea belongs to us who are they to demand it?" "The sea is our glory." "We will not let go our glory." "We selfish and vegetables and are thus self-reliant." "We are business with not with others". "We will not allow the company to dictate terms to us." "We totally against the project."

Thereafter, Smt Trupti Sankhe, Sarpanch, Village Kumbhavali, said that "the existing company has not given preference to the locals." "We have not received the CD. The information given by the industry is brief in nature." "Company has not taken the villagers into confidence." "In the EIA report information of water source is colour coded." "The length and width of the road mentioned in the report, is not given." "The company may in future displace us hence, we are against the project."

Thereafter, Smt Megha Parekar, Sarpanch, Village Dandi, said that she is against the project.

Thereafter, Shri Rajendra from vill-Jaitapur, Ratnagiri, addressing the audience said that "I have purposefully come from Jaitapur to tell you that even if you are against the project, it will not be cancelled". "Your hopes will be shattered". "We had also opposed the Nuclear Power Project at our village, Jaitapur, but the Central Govt. has permitted the project and it is underway. M/s. JSW will construct the breakwater which may give rise to Tsunami & Cyclones which might affect the nearby Tarapur Nuclear Power Project & cause havoc similar to what happened in Japan." "People will be highly affected, animals & human beings will be rendered homeless & shelter less & the company will become owner of your land." "Hence, I request to all to wisely protest against the proposed project."

"Another thing is that the place of project is Marshy land where biodiversity exists. It will be affected and there will be no fish breeding." The project will render the sea into a dead pond.

Thereafter, Smt. Ranjana Ramchandra Sankhe, President, Paryavaran Dakshata Manch, said that "we have been given the CD containing the information of project which is blank." "Due to the existing company of M/s. JSW the subsurface water of village is chemically polluted." "The company has not given employment to our villagers." "We are against the project."

Thereafter, Shri Manish Sankhe, President, Paryavaran Dakshata Manch said that in the beginning the project was of Captive Jetty as per the proposal submitted to the Maritime Board. Now the project is of full-fledged shipping port for which this public hearing is being conducted. This amounts to misleading of the public & the Govt. In the operational stage of the proposed project incoming ships will discharge huge amounts of ballast water which will affect the biodiversity of the area. He further said that the CETP in MIDC Tarapur, is inadequate due to which the surrounding environment is being polluted.

Thereafter, Mrs. Manda R. Meher, Member, Panchyat Samiti, Palghar, Shri Deepak Raut, National President, Hind Kesari Shramik Sena, Shiv Sena Party, Shri Narendra Patil, Chairman, Satpati Machimar Society & Shri Rohan Gude, Navapur village, all voiced their opinion against the project & requested the Chairman to cancel the public hearing.

Thereafter, Shri Bhavesh More, Member, Panchayat Samiti, Palghar, said that "what has the existing steel factory of M/s. JSW done in the last 35 years, to improve the standard of living of the locals? ". The factory should submit us a report about it. The project proponent who is saying that the project will generate employment, should first inform how many locals they have employed in their existing factory, he further said.

He continued further saying that the people of the villages Dandi & Ucheli residing near the sea-shore will be affected due to the project. The project will be established in the sea but the project proponent has studied the terrestrial environment instead of the Marine environment he pointed out & requested them to rectify their mistake. The project proponent is assuring of maintaining the environment but what efforts has their existing factory taken to protect the environment? he asked. He further asked the project proponent to clarify as to from where they will get the water & electricity?

Thereafter, Sarpanch of Pamgaon village said that their villagers have objected to the proposal in the Gramsabha therefore this public hearing should be cancelled.

Thereafter, Shri Ramesh Kode, DMIC Virodhi Sangharsh Samiti, said that he wanted to know the process of recording the public hearing proceedings. "No matter how much we protest against the project, Govt. will permit the project hence, we will approach the Court". "Hence, we want a DVD of the recording of this public hearing". MPCB has not done anything to control the pollution during the last 40 years, he further said.

Thereafter Mrs. Anjali Bari, Sarpanch, Navapur village, said that there are 1800 units in MIDC Tarapur. Their effluent is discharged in Navapur creek. Now, "you will bring the shipping project and pollute the environment. By doing so, you will ruin us. The company should be made answerable to us. "

In this way, Shri Atul Rane & Shri Subhash More, Nandgaon village, Shri Jitendra Meher, Dy. Sarpanch, Ucheli, Shri Pankaj Dhoon, Navapur Village, Shri Pramod Arekar, Palghar Taluka President, BJP, Shri Prasad Meher, Alewadi village, all of them said that they are against the project.

Dy. Sarpanch, Kumbhawali village wanted to know how government has entered into agreement for 30 years with the project proponent without taking consent from Grampanchayat. We are against the project as it is harmful to our villages.

Thereafter, Sarpanch, Ucheli, said that "we do not want the project. Public hearing should be cancelled."

Thereafter, Shri Kundan Sankhe, President, Thane District (Rural) addressed the audience saying that each and every one should say that "I am against the project and tell his name and name of the village". According to his request, one by one, every one present at the public hearing said that they are against the project. Their names are as given below:-
