Draft for submission of undertaking by project proponent & Architect of project duly signed & notarized

Sub: Undertaking for Consent to Operate (first)

.....

I,, (designation), an authorized signatory hereby gives an undertaking on behalf of M/s. that the following compliances have been secured and reported hereby for grant of Consent to Operate (full / part).

1. I have carefully gone through the copy of Consent to Establish dated granted to our activity and would like to certify that a comprehensive treatment system consisting of,, and have been provided with reference to effluent quality and quantity being generated, as mentioned in the consent to establish, so as to achieve the quality of treated effluent to the standards prescribed in the consent order. We undertake to operate and maintain the same so as to conform to the prescribed standards in the consent to establish and operate as well as, as laid down under the provision of the Environment (Protection) Rules, 1986.

2. We will recycle and reuse 80% / 100% of treated domestic effluent for various uses like flushing, fire fighting, cooling tower, gardening, tree plantation etc. and in no case, effluent shall find its way into any water body directed /in directed. A necessary separate meter for insurance of 80% / 100 % recycling of treated effluent has been provided and we will keep proper record thereof.

3. We have made necessary arrangement for segregation of solid waste into wet and dry garbage as well as STP sludge,. We have further provided necessary municipal solid waste management consisting of, and Units / by joining common municipal solid waste facility for safe disposal of inert material to the facility, a copy thereof is enclosed.

4. We have constructed sq.mtrs. built up area as per approved plant sanctioned on dtd. by Competent Authority and as per Consent to Establish dated granted to us and as per an environment clearance granted on to us by the competent authority as per EIA Notification, 2006 . It comprises No. of buildings. A copy of the certificate issued by our Architect is enclosed as a supporting documents. We have applied for part/full completion certificate to the local body by letter dated and we have received / not received the same. However, as far as STP and / or Solid waste management is concerned, we have completed the construction thereof as stated above, which is ready for commissioning.

C-5

We have spend Rs. on the construction of STP and on the MSW
processing facility and Rs..... on water harvesting etc.

We have provided DG set of the capacity of MW as a stand by arrangement/regular use
during power failure/regular use and we have provided comprehensive pollution control arrangement
to control air and noise levels as per conditions stipulated in the consent order. We will operate and
maintain the same properly so as to achieve the standards prescribed in the consent order.

Necessary photographs showing the physical progress and completion are enclosed for ready
reference.

In case above information is found not to be correct, The Board is at liberty to initiate
appropriate legal action against us including revocation of consent.
